Circ. n. 30

Borgo San Giacomo, 26/10/2020

To the parents of the pupils enrolled in the
Primary and **Secondary School** of I. C. Borgo San Giacomo

To the Acts

and p.c. D.S.G.A. Emma Zucchi

Subject: Measures to prevent the spread of Covid-19

Dear parents, in order to contain the spread of virus Covid-19

HAVING REGARD TO the appendix to the **Educational Pact of Co-responsibility school-family**;

HAVING REGARD TO **the Covid protocols of the I.C.C. of Borgo San Giacomo** that in paragraph preconditions for the access and presence at school of the students draws attention to:

- the absence of respiratory symptoms or of a body temperature exceeding 37.5 or more during the previous three days;
- have not been in quarantine or home isolation for the last 14 days;
- not have been in contact with positive people, as far as they know, in the last 14 days. The parents **must promptly notify** the school of any absence for health reasons so as to detect any clusters of absence in the same class.
- be always provided with a bottle of water marked with a name since it is no longer possible to access the toilet for drinking.
- be always provided with a container (envelope, small case...) to store the mask.
- the school will provide students with a surgical mask to be used the next day. Community masks may only be used in limited cases; In this case, the daily change and sanitization of the same before wearing them again is recommended.
- pupils should have and use personal disposable tissues, in order to avoid exchanges with their classmates.
- each pupil must be provided with a plastic bag in which to insert dirty disposable handkerchiefs. This bag must be emptied daily at home. For the winter period you will require a new bag in which will be stored gloves scarf and cap.

In view of the evolution of the epidemiological situation throughout the Member States, I would like to reiterate my request

COMPLIANCE WITH THE REQUIREMENTS

mentioned above to prevent health situations of difficult management. If in doubt, keep the child at home and contact the doctor/pediatrician promptly for directions on how to proceed.

Attached is a synoptic reference table to reiterate what has already been communicated several times through circular and in the assemblies.

Confident of the usual collaboration of all families in the prevention of contagion, I offer my best regards.

THE HEADMASTER OF THE SCHOOL

Prof. Angiolino Albini

MEASURES TO PREVENT THE SPREAD OF COVID-19

Synoptic reference chart

LIV.	STUDENT	FAMILY	SITUATION	EVOLUTION	ON RETURN	DOCUMENTATION
0	Absent for non-health-related reasons				The family justifies on the diary	
1 to	Absent for reasons not compatible with Covid-19 without any symptoms				The family justifies on the diary	
1 b	Absent for reasons unrelated to Covid-19 with suspected symptomatology	The family must contact the doctor/pediatrician	The doctor/pediatrician manages the situation and agrees with the family to return to the community		The family justifies on the diary with the medical consultation	
2	<p>In case of temperature above 37,5 C, flu/like symptoms compatible with Covid-19 in school</p> <p>Parents/legal guardian are contacted</p>	<p>The family must contact the doctor/pediatrician</p> <p>-</p> <p>In compliance with privacy rules, for accurate monitoring, the school invites to communicate by telephone when the pupils present flu-like symptoms for which a prolonged absence is required and/or are submitted to a nose and pharyngeal buffer, on the indication of the doctor/pediatrician,.</p>	The doctor/pediatrician manages the situation and agrees with the family to return to the community		The family justifies on the diary with the medical consultation	
			<p>The doctor/pediatrician may prescribe buffering.</p> <p>In this case, the parent/guardian/tutor accompanies the pupil to the buffer point with a self-certification form made available by the school with the stamp of the same.</p>	<p>A symptomatic subject with negative buffer returns to school. If POSITIVE see level 4</p>	<p>The family justifies on the diary with attached documentation in case he/she has been buffered</p>	<p>Safe mass readmission certificate issued by doctor/pediatrician</p>

LIV.	STUDENT	FAMILY	SITUATION	EVOLUTION	ON RETURN	DOCUMENTATION
3	Absent for possible suggestive symptomatology for Covid-19	The family must contact the doctor/pediatrician	The doctor/pediatrician may prescribe buffering	A symptomatic subject with negative buffer returns to school. If POSITIVE see level 4	The family justifies on the diary with the attached documentation	Safe mass readmission certificate must be issued by the doctor/pediatrician
4	Absent for symptoms related to Covid-19	The family must contact the doctor/pediatrician The family communicates Name, Surname and class to the Covid Reference of the School attended	The student is quarantined as required by national anti-Covid19 protocols and must be buffered	The healed student, with NEGATIVE buffer, returns to school	The family justifies the diary with attached documentation	Safe mass readmission certificate must be issued by doctor/pediatrician
5	Absent for fiduciary isolation, arranged by local ATS, as close contact	The family communicates Name, Surname and class to the Covid Reference of the School attended	The subject is placed in quarantine as required by the national anti-Covid19 protocols and performs the buffers (on personal health indication)	The subject excluded from diagnosis of Covid-19, with NEGATIVE buffer, returns to school.	The family justifies the diary with attached documentation	Safe mass readmission certificate must be issued issued by doctor/pediatrician
