Subject: Joint communication I.C. Borgo San Giacomo - Municipal Administration

Dear parents,

late on Saturday, 24 October 2020, concerns were raised about possible infections among school staff.

As a precaution, on Sunday 25 c.m. we proceeded, with the collaboration of the school staff and some volunteers, to a complete and extraordinary accurate sanitization of the entire building and the canteen with adequate instrumentation.

Always for further precaution, on Monday, October 26, following the Ordinance of the Mayor, the measurement of the temperature to all those who enter the building was arranged. In these two days no abnormal temperature was found under any circumstances.

On 27 c.m., as a result of swabs carried out, we became aware of the positivity of one teacher and four school operators. The school has immediately activated accurate precautions, in collaboration with the Department of Education in strict compliance with the established protocols.

Immediate notice was given to the ATS (the responsible body for taking all health decisions) and instructions are expected on the fulfilment and possible initiatives to be put in place.

Confident of the usual cooperation and understanding of all families, we offer our best regards.

THE MAYOR
Lama Geom. Giuseppe

THE SCHOOL PRINCIPAL
Prof. Angiolino Albini
